

Sec. 13-2-16 Stormwater discharge fee

(a) A stormwater discharge fee is hereby established effective September 1, 2009. Funds collected as a result of this stormwater discharge fee will be used for stormwater discharge drainage activities.

(b) For all utility customers, except those exempted by resolution, each month there shall be assessed a stormwater discharge fee per utility account as described in the table below:

Tier	Impervious Coverage* Break Down	Rate
Tier 1 Residential	Up to 1,000 sq. ft.	\$1.85
Tier 2 Residential	1,001 to 2,000 sq. ft.	\$1.95
Tier 3 Residential	2,001 to 3,000 sq. ft.	\$2.15
Tier 4 Residential	Greater than 3,000 sq. ft.	\$2.25
Tier 1 Nonresidential	Up to 5,000 sq. ft.	\$5.50
Tier 2 Nonresidential	5,001 to 15,000 sq. ft.	\$9.50
Tier 3 Nonresidential	15,001 to 50,000 sq. ft.	\$24.50
Tier 4 Nonresidential	50,001 to 150,000 sq. ft.	\$45.50
Tier 5 Nonresidential	150,001 to 500,000 sq. ft.	\$72.50
Tier 6 Nonresidential	Greater than 500,000 sq. ft.	\$85.50

* Impervious coverage consists of roads, parking areas, buildings, pools, patios, sheds, nonresidential driveways, nonresidential sidewalks, and other impermeable construction covering the natural land surface and shall be used in calculating the square footage.

(c) Payment of the stormwater discharge fee is due when all other charges on the combined billing statements are due.

(d) The director of billing and collection is authorized to collect such charges in a manner consistent with the city [charter](#) and state law.

(e) A revenue and expense line item shall be created to identify revenues and expenses attributable to the stormwater discharge fee.

(Ordinance 2009-32, sec. 1, adopted 8/25/09; Ordinance 2016-20, sec. 1, adopted 7/12/16)
